

Yaniv Metuku

QA Automation Engineer

054-921-6368|yaniv2809@gmail.com

PROFESSIONAL SUMMARY: QA Automation Engineer and Tech-Career graduate (Class of 2025). Possesses a strong technical foundation in Python (OOP), Playwright, and SQL, combined with a process-oriented mindset from a background as an Industrial Management Practical Engineer. Experienced in full-cycle Manual Testing and API validation. Highly motivated, autodidactic, and ready to deliver high-quality testing solutions.

TECHNICAL SKILLS

- **Automation & Code:** Python (OOP), Playwright, Selenium, HTML/CSS.
- **QA Methodologies:** STP, STD, STR, Bug Lifecycle, Risk-Based Testing.
- **Tools:** SQL, MySQL, MongoDB, Postman (API), Jira, Xray, Git/GitHub.
- **General:** SAP ERP, Excel, Cross-Browser/Mobile Testing.
- **Languages:** Hebrew (Native), English (Full Professional Proficiency).

EDUCATION

2025 | QA Automation & AI Bootcamp | Tech-Career

Intensive 800+ hour bootcamp focusing on Manual and Automation testing.

- Built a comprehensive **E2E testing** automation framework for a web application using **Python (OOP)** and **Pytest** + Playwright
- Designed and executed **REST API** tests utilizing Postman and integrated database validation via SQL.
- Managed test artifacts, bug lifecycle, and documentation using **Agile**

2018-2020 | P.E. Industrial Management The Joint College

- Specialization in Operations Management and Information Systems.

PROFESSIONAL EXPERIENCE

2024 – 2025 | Operations & Logistics various companies (manpower projects)

- Executed inventory picking and packing tasks with high attention to detail.
- Demonstrated consistency, reliability, and strong work ethic.

2020 – 2022 | Planner & Logistics Controller | IDF (Masha 7200)

- Managed end-to-end inventory processes in a mission-critical environment using SAP ERP. • Responsible for data integrity; identified and resolved discrepancies in real-time. • Collaborated with suppliers and production teams to prioritize tasks under strict deadlines.

VOLUNTEERING: Robotics Instructor | Hamapilim School, Lod

- Volunteered as a robotics tutor for 2nd-grade students, fostering early interest in STEM.
